Geography Worksheets - Asia 1

These worksheets will give children the opportunity to practice performing research using Mobile Montessori apps as source material.

Apps required for these worksheets:

Animals of Asia
- a Montessori Approach to Geography

Flags of Asia
- a Montessori Approach to Geography

Asia
- a Montessori Approach to Geography

Without needing access to the internet, children can perform research in a safe environment. The combination of physical worksheets and the iPad as a research tool will engage young minds to learn!
